WELCOME

TO ACE ACUMEN

Ace Acumen Heights (AAH) is a private international institution located in Toronto, Ontario. Our school provides a safe, nurturing, and diverse environment in which students are given opportunities for holistic development— physical, emotional, psychological, and social. We aim to respect the individual, embrace diversity, and inspire participation in the global community.

At AAH, we are driven by a belief in the fundamental value of each individual. Our caring teachers, mentors, and coaches challenge and support students to reach their full potential, preparing them for leadership roles and encouraging them to make positive contributions to the global community. We are committed to upholding our values and ensuring that the academic and social needs of our students are achieved.

OUR FACILITIES

Ontario Secondary School Diploma | OSSD

The OSSD is part of the highly recognized public education system in Ontario, Canada, renowned for its global acceptance. The program is governed by strict academic standards, evaluated and supervised by the Ontario Ministry of Education. It is one of the most advanced educational qualifications globally, widely accepted by top universities and educational institutions. The OSSD prepares students for success at universities around the world and is designed to provide a high-quality K-12 educational foundation.

GLOBAL RECOGNITION OF THE OSSD

The OSSD is internationally recognized and highly regarded by leading universities in Canada and globally. Students who graduate with an OSSD do not need to undergo additional university entrance exams (such as SAT, ACT, etc.) for admission into top Canadian and global universities. The OSSD offers students multiple pathways for academic success, with access to a wide range of university options around the world.

FOUR MAJOR ADVANTAGES OF THE OSSD PROGRAM

01 CANADIAN UNIVERSITY STUDENT STATUS

Upon enrollment, students are immediately registered as students in Ontario, Canada, allowing them to take advantage of the global recognition of the Canadian educational system. This status grants OSSD student's priority in admission and scholarship opportunities at Canadian universities.

02 FLEXIBLE COURSE SELECTION

The OSSD curriculum offers students flexibility in selecting courses based on their strengths and academic goals. This personalized learning approach helps students maximize their academic potential and achieve success in their chosen fields.

03 SCIENTIFIC AND FAIR ASSESSMENT SYSTEM

The OSSD's assessment model is based on both formative (30%) and summative (70%) assessments, ensuring a comprehensive evaluation of student performance. The system focuses on continuous progress throughout the school year rather than relying on a single final exam, allowing students to demonstrate their true abilities.

04 ADVANCED ACADEMIC STANDARDS

The OSSD adheres to a high academic standard, with rigorous requirements for graduation. Students are required to complete 30 credits, fulfill community service requirements, and pass the Ontario Secondary School Literacy Test (OSSLT). This ensures that OSSD graduates are well-prepared for university-level academics.

POST-SECONDARY ADMISSION OFFERS

Over the course of a decade, AAH students have been awarded \$1,147,500 in scholarships, demonstrating our ongoing commitment to academic excellence and student achievement.

ACE ONLINE COURSES

Ace Acumen Heights offers Ministry of Education (Ontario) – approved online credit courses for Grades 9–12. These flexible and high-quality courses help students catch up on credits, get ahead, and prepare for admission to leading universities worldwide, including in Canada, the U.S., Australia, and the U.K

FLEXIBILITY

Start anytime, study at your own pace, and balance other priorities like language exams or full-time school

GLOBALLY RECOGNIZED

Earn credits equivalent to traditional schools, approved by the Ontario Ministry of Education.

DIVERSE COURSES

Choose from a wide range of subjects, including languages, STEM, business, arts, and social sciences.

PRACTICAL ASSESSMENTS

Showcase your creativity and skills through flexible evaluations like projects and group work.

ADVANCED PLACEMENT PROGRAM

Advanced placement (AP) courses are college-level classes offered in high schools. These courses allow students to challenge themselves academically, deepen their knowledge in specific subjects, and prepare for higher education. At the end of an AP course, students can take an AP exam. A high score may earn them college credits or advanced placement in university programs.

ADVANTAGES OF AP COURSES:

UNIVERSITY CREDIT OPPORTUNITIES:

Many universities and colleges worldwide recognize AP exam scores, enabling students to earn credits, skip introductory courses, or graduate earlier, saving both time and money.

BROADER SUBJECT EXPLORATION:

AP courses cover a variety of subjects, from sciences and mathematics to languages and the arts, allowing students to explore their interests in depth.

ENHANCED ADMISSION PROSPECTS:

Taking AP courses demonstrates a student's commitment to academic excellence, making them stand out in university applications.

GLOBAL RECOGNITION:

AP is recognized by universities worldwide, providing students with an advantage when applying to international institutions.

1 | ACE ACUMEN ESL CENTER LANGUAGES CANADA

The ACE Acumen ESL Center, accredited by Languages Canada, offers non-native English-speaking students a structured and immersive program designed to enhance their language proficiency and ease their integration into the Canadian academic environment. Located within ACE Acumen, the Center enables students to experience a comprehensive academic and cultural setting, effectively preparing them for successful university studies in Canada.

2 | IELTS TEST CENTER

IELTS[™]

Official Test Centre

Our IELTS training program offers a comprehensive and structured curriculum designed to enhance students' proficiency in all four key language skills: listening, speaking, reading, and writing. With a strong emphasis on real-world application, the course integrates academic, professional, and social communication scenarios to ensure learners can effectively use English in diverse contexts. Our goal is to equip students with the language competence and test strategies necessary for success in the IELTS exam and to support their smooth transition into higher education.
